Own Your Awkward: Turning Your Team's Differences Into Their Greatest Strength

Embrace the unique quirks within your team to foster engagement. By normalizing and celebrating individuality, we can transform perceived awkwardness into a powerful asset.

Teamwork Starts with You: Bringing Teams Together with Fun & Engagement

In this talk, we have fun with your audience using beach balls as metaphors to identify who we are, who is on our team, and how we can best support our teammates by understanding them and ourselves better.

Lead the Shift: Mastering Change Before It Masters You

Equip your team with tools to navigate and embrace change. This interactive workshop offers new perspectives, enabling participants to transform their mindset and enhance both personal and professional performance.

Andy helps your team turn their insecurity into their superpower!

Andy has written the book on mastering change. He brings humor and perspective to challenging topics to empower people to take control of their lives. Andy will have your team looking at challenges in a new way with actionable steps to make big changes happen in their lives and your organization.
